### Lieutenant Oldham Paisley.

He reports at Camp Grant on August 27. He was married on August 17 to Miss Annetta Nourse of Omaha, Nebr. Since Mr. Paisley's entry into the service of his country George W. Paisley, editor of the Albion Journal and former editor of the Lincoln (Ill.) News-Herald, has joined the Republican force—Publisher's Auxiliary.

### Some Hog.

Bill Weston, who lives on the R. H. Holton place west of town, brought in a hog last week weighing 680 pounds, for which he received \$122.10. The big porker was bought by Patterson & Ward and shipped to Kansas City Thursday with a mixed load of hogs and calves.

### Jasper Red Cross Busy.

The Jasper Branch of the Carthage Red Cross Chapter sent to Carthage headquarters Tuesday \$461.17 of donated Red Cross funds. The Jasper membership of the Red Cross has been increased 150. The size of the membership and the amount donated indicates that the Jasper people are very live wires along this line of work.—Carthage Press.

H. F. Pitts has been buying his holiday goods and other stock in Kansas City the past week for the Rexall Store.

Mrs. R. L. Baird of near Lake-side visited here with her mother, Mrs. Mary Hatfield, a couple of days this week.

Dyson Roberts, who has been employed with the Royse Title and Abstract Co. of Carthage the past year, is spending the week here before going to St. Louis to locate. Mr. Roberts was a law graduate at Washington University, St. Louis, last year.

### THE COMMERCIAL CLUB.

Get in for the Good Roads Campaign This Fall.

The Jasper Commercial Club was organized a little over a year and a half ago with about 30 members. Citizens of the community freely testify to the good work that has been accomplished through the agency of the club. Never before in the history of the town has so much organized effort been made and so much accomplished in road work in the same length of time.

Dues are paid monthly as follows: The banks pay \$10, each per month, the larger stores and professional men paying \$5.00 and \$3.00, and other individuals paying \$2.00 and \$1.00. This would seem to provide a nice fund to work with, but the kind of road work the club has been trying to do is the solid, lasting road building—the only kind that is really economical and the kind that costs the most in the first outlay but costs the least in upkeep, and the club has barely been able to meet the demands made upon it.

It is a work that should have a friend in every citizen for two reasons—first, because it is for the general good; and, second, for the very selfish reason that everything that helps the community helps every individual in the community.

At present 41 members are paying dues and giving their support to the cause. The club is in need of all the funds and moral support it can get for the program laid out for the fall campaign in building the five miles of road west of town and the mile on the Jefferson Highway north of town. If any business house or individual in the community is not now a member of the club, Secretary Bert Webb will be glad to receive application for membership and present it to the club.

At the request of officers of the club the roster of the club membership now paying dues is printed as follows:
